## Transitional Words & Phrases To Show Order

| after                    | given these points  | summing up               |
|--------------------------|---------------------|--------------------------|
| after a few hours        | immediately         | then                     |
| after all                | in a word           | thereafter               |
| afterwards               | in all              | third                    |
| all in all               | in conclusion       | thirdly                  |
| altogether               | in short            | to be brief              |
| anyhow                   | in sum              | to begin with            |
| anyway                   | in summary          | to conclude              |
| as a final point         | in the end          | to put it briefly        |
| as has been mentioned    | in the first place  | to resume                |
| as has been noted        | in the second place | to return to the subject |
| as has been said         | in the third place  | to start with            |
| as has been shown        | incidentally        | to sum up                |
| as was previously stated | initially           | to summarize             |
| at any rate              | last but not least  |                          |
| at first                 | lastly              |                          |
| at last                  | later               |                          |
| at this point            | meanwhile           |                          |
| before                   | next                |                          |
| before this              | now                 |                          |
| briefly                  | on the whole        |                          |
| by the way               | on this occasion    |                          |
| concurrently             | once in a while     |                          |
| eventually               | overall             |                          |
| finally                  | perennially         |                          |
| fırst                    | previously          |                          |
| first of all             | second              |                          |
| following this           | secondly            |                          |
| for a start              | simultaneously      |                          |
| forever                  | sometimes           |                          |
| formerly                 | soon                |                          |
| fourth                   | subsequently        |                          |
|                          |                     |                          |

## **Transitional Words & Phrases** To add to an idea

🖋 Notes

| above all           |
|---------------------|
| actually            |
| additionally        |
| also                |
| as a matter of fact |
| as an illustration  |
| as for              |
| as well             |
| besides             |
| but also            |
| by comparison       |
| by the same token   |
| by way of example   |
| certainly           |
| compared to         |
| concerning          |
| considering         |
| either              |
| emphatically        |
| equally             |
| equally important   |
| especially          |
| even more           |
| evidently           |
| for example         |
| for instance        |
| for one thing       |
| formerly            |
| further             |
| furthermore         |
| in a like manner    |
| in addition         |

such as

surprisingly

| in all honesty    | take the case of      |  |  |  |
|-------------------|-----------------------|--|--|--|
| in fact           | that is               |  |  |  |
| in other words    | that is to say        |  |  |  |
| in particular     | the fact that         |  |  |  |
| in the same way   | thus                  |  |  |  |
| in this case      | to demonstrate        |  |  |  |
| in this situation | to illustrate         |  |  |  |
| including         | to put it another way |  |  |  |
| indeed            | to say nothing of     |  |  |  |
| let alone         | to tell the truth     |  |  |  |
| likewise          | undeniably            |  |  |  |
| more importantly  | unquestionably        |  |  |  |
| moreover          | vis a vis             |  |  |  |
| much less         | what is more          |  |  |  |
| namely            | what's more           |  |  |  |
| naturally         | with regards to       |  |  |  |
| neither           | without a doubt       |  |  |  |
| nor               | without reservation   |  |  |  |
| not only          |                       |  |  |  |
| not to mention    |                       |  |  |  |
| notably           |                       |  |  |  |
| obviously         |                       |  |  |  |
| of course         |                       |  |  |  |
| on the subject of |                       |  |  |  |
| particularly      |                       |  |  |  |
| positively        |                       |  |  |  |
| regarding         |                       |  |  |  |
| similarly         |                       |  |  |  |
| speaking about    |                       |  |  |  |
| specifically      |                       |  |  |  |

## Transitional Words & Phrases To show cause or effect

| accordingly           | if so             | seeing that               |
|-----------------------|-------------------|---------------------------|
| as a consequence      | in case           | since                     |
| as a result           | in consequence    | so as to                  |
| as long as            | in light of       | so long as                |
| because               | in order to       | so that                   |
| being that            | in that           | that being the case       |
| consequently          | in that case      | then                      |
| due to                | in the event that | therefore                 |
| even if               | in the hope that  | thus                      |
| for fear that         | in view of        | to that end               |
| for the purpose(s) of | lest              | to the end that           |
| for this reason       | on the condition  | to this end               |
| given that            | only if           | under those circumstances |
| granted               | otherwise         | unless                    |
| granting              | owing to          | with this in mind         |
| hence                 | provided that     | with this intention       |
| if not                | providing that    |                           |
|                       |                   |                           |

## To oppose an idea

| admittedly                | but even so        | in either case    | still             |
|---------------------------|--------------------|-------------------|-------------------|
| albeit                    | by way of contrast | in either event   | though            |
| all the same              | conversely         | in spite of       | up against        |
| alternatively             | despite            | instead           | whatever happens  |
| although                  | either way         | nevertheless      | when in fact      |
| although this may be true | even though        | nonetheless       | whereas           |
| at any rate               | granted            | notwithstanding   | whichever happens |
| at least                  | however            | on the contrary   | while             |
| balanced against          | in any case        | on the other hand | yet               |
| be that as it may         | in any event       | rather            |                   |
| but                       | in contrast        | regardless        | turi              |
